

Memo for Record  
Subject: Project 8003

24 January 1980

Dashed out copies of map stock  
numbers from CIO Wolfchek and  
told him I would obtain copies  
of maps using other means.

I spoke with Mr. Ed Losey, FAD-  
SOCOPS-HUMINT, who said he  
would attempt to obtain the  
necessary maps from DMA. He  
provided Mr. Losey the stock  
numbers of maps needed.
